PRODUCTION STATS

Kenai

Landowner:	State
Operator:	Hilcorp Alaska
First Production:	1960
Wells:	5
Oil Output (2023):	-
Gas Output (2023):	6.8 BCF
Peak Production:	1970

Ownership Interest: **100% Hilcorp Alaska**

Across the mouth of the Kenai River from the Cannery Loop Gas Storage Station sits one of the state's oldest producing natural gas fields. Unocal and Marathon started production, tapping the Sterling gas pool. Hilcorp has been in charge since 2013. The unit also contains thirty-three non-producing wells.
