| Oil Output (2023): | 214K BBL          |
| Gas Output (2023): | -                 |
| Peak Production:   | 1994              |

Ownership Interest: **100% Cook Inlet Energy**

Started by Steward Petroleum Company, joined by Forest Oil in 1993 and Forcenergy in 1995. By 2000, Forest Oil took over all active operations, then Pacific Energy Resources in 2008, then Cook Inlet Energy in 2009. Onshore wells near the West McArthur River Production Facility tap the shallow-water West McArthur River, Tyonek, and Hemlock oil pools.
